

PROFILE SUMMARY

Aspiring Front-End Developer skilled in HTML, CSS, JavaScript, and React. Passionate about building responsive, user-friendly web interfaces. Quick learner, team player, and eager to contribute to real-world projects.

PROJECTS

Front-End Skills: HTML, CSS, JavaScript, React, Tailwind CSS, Git, API Integration, Async Functions.

Key Projects:

- **Nike Shoe Web App:**
Live: kickspot.netlify.app/
Built a responsive e-commerce app using React and Tailwind CSS to showcase Nike shoes with filtering options and a smooth checkout process.
- **Instagram Profile Clone:**
Live: instaprofileclone.netlify.app/
Developed a front-end clone of Instagram's profile page using React with layout replication, responsive design, and highlights feature.
- **Students Xerox Website:**
Live: studentscollegexerox.netlify.app/
Created a React-based site for students to request xerox/print services with easy navigation and basic order flow.
- **Weather App:**
Live: breezeboard.netlify.app/
Built with JavaScript to fetch and display real-time weather data using a public API in a clean and responsive UI.

EDUCATION

B.Tech in Information Technology, Sri Balaji Chockalingam Engineering College (2022 – Present), CGPA: 7.75

CERTIFICATION

React 18, Codemdam (Free Course)

ACHIEVEMENTS

- Completed a free React 18 course from Codemdam, gaining hands-on experience with advanced React features like hooks, context API, and functional components.
- Built a responsive e-commerce web app using React and Tailwind CSS, significantly enhancing user interaction and performance.
- Developed a real-time weather application using JavaScript and API integration, improving the real-time data handling process and UI responsiveness.
